DRIVEWAY PERMIT

Permit # _____

I, _____, hereby make formal request as the landowner, for the right to construct a Private entrance to Dale County Road # _____, Dale County, Alabama. This driveway is to serve as access for private entrance, and is more particularly described as follows:

Residential _____
Extension _____

Commercial _____
Second Drive _____
Farm/Field _____

If granted the privilege of constructing this Turnout, I guarantee that same will be constructed in accordance with the requirements applying to this particular type of Turnout, and in accordance with instructions from our Engineers, that I will not allow anything done in connection with the construction or maintenance of this Turnout that will cause damage to the Highway by water being turned onto the Highway or filling of ditches or from any other cause

I agree to maintain, in satisfactory condition, any drainage structure that may be necessary in connection with this Turnout solely at my expense and to keep same cleaned out at all time.

I agree to hold Dale County Commission harmless of any problems during construction of said Turnout as well as any future maintenance issues or failures which may arise.

I further agree that if, at any time, in the opinion of the County Engineer, it becomes necessary to remove this Turnout, I will permit the County or its Contractors to remove and/or reconstruct my Turnout and that I will not make any claim for any damage whatsoever.

The APPLICANT is not granted any right, claim, or control over any part of the highway right-of-way. The APPLICANT is not permitted to use the access Turnout or adjacent highway right-of-way for any purpose other than for highway access and for maintenance of the access Turnout.

The decision of the County Engineer shall be taken as final and conclusive on any question and/or proposition that may arise out of this agreement and/or any work done or to be pursuant thereto.

The Turnout shall be completed within one year from the date shown on this application; otherwise this permit becomes null and void.

1. For and in consideration of the privilege granted me to construct the within described Turnout, I hereby agree to all the forgoing conditions as well as the "Dale County Driveway Policy"

WITNESS: _____ **SIGNED BY:** _____

_____ representing Dale County

Authority for constructing the within described Turnout is hereby granted in accordance with the conditions herein set forth.

Date: _____ **Approved:** _____ Dale County Engineer

DALE COUNTY DRIVEWAY POLICY

1. DRIVEWAY APPROVAL

- All driveway installations on County rights-of-way shall be done by permit from the County.
- The County will size the drainage pipe and all materials will be approved by the County Engineer.
(See approved pipe material)
- The county reserves the right to refuse a permit to any site that is impractical, cost prohibitive, or unsafe due to roadway geometry.

2. DRIVEWAY PRIVATE

- The County will install private driveways on County maintained rights-of-way for a residence.
- The property owner is responsible for furnishing the drainage pipe specified and delivery to the job site.
- The County will provide up to 60 cubic yards of fill dirt for private driveways.
- The County will install one private driveway per residence.

3. DRIVEWAY COMMERCIAL

- The County does not install or provide fill dirt for commercial driveways.
- Driveways leading onto fields and pastures shall be considered commercial.
- Commercial driveways will be installed according to County specifications at no cost to the County.

4. DRIVEWAY REMOVAL

- All driveways on County rights-of-way shall not be removed unless approved by the County.

5. DRIVEWAY REPAIR

- The County has no obligation to install or repair driveways on County rights-of-ways.
- The County provides private driveway installation only to ensure proper drainage of County rights-of -way.
- The County may justify driveway repair to protect road pavement if there is a substantial pavement edge drop off.

DALE COUNTY

APPROVED PIPE MATERIAL

NOTE: All pipe shall be a minimum of 15 inch diameter and 30 ft. length.

C.M.P 16 gauge corrugated metal pipe

R.C.P Reinforced concrete pipe

Plastic High Density Polyethylene (HDPE) pipe

1. The product used shall be corrugated exterior/smooth interior pipe (Type S), conforming to the requirements of ASTM F 2306 and AASHTO Specification M294 (latest edition) for Corrugated Polyethylene Pipe.
2. All HDPE pipe installed shall be third party certified and shall bear the Plastic Pipe Institute's (PPI) certification sticker.
